## Next Meeting:

Wednesday, February 17, 2010 @ 7:30 p.m. in the Bowmen Clubhouse.

## Message From The President:

As I write this message we are in the last week of Maryland's archery season. I hope every member who hunts had a safe and successful season.

Our club is moving forward with plans to build a pole building that would house our tractor, targets, and other items. This would allow removal of the dilapidated trailer from the parking lot and make it far easier for 3-D target setup and take down. We plan to contract the work out as active members can only be called on to do but so much work.

We are also planning to complete target butt renovation and range cleanup prior to our Traditional Classic in May. The club could use your help with these projects, so please try to lend at least a couple of hours of your time to attend a work party. If you can't attend a scheduled work party, but would like to help "your" club out, contact Bill Tomlinson and he will make arrangements for you to do so.

Also, we will once again be having monthly winter 3-D shoots starting February 21st. I look forward to seeing you there and don't forget to spread the word as the shoots are open to the general public.

Take Care,

Jeff McCormack

## Membership Renewals

If you don't receive the newsletter by e-mail you should get the renewal form with this hard? copy. Be sure to fill out and sign the Rules form on the back and return them with your check (if applicable) before March.

## New Business:

Jerry Dewese was able to get "show" prices on Rinehart targets and 5 new ones were purchased.

A large dead tree has fallen on the lower end of the course and is blocking some lanes. There are also a few other dead ones that could cause some damage as well. An estimate was received and approved to have 5 or 6 trees removed and for trimming the trees over the driveway.

A motion was made and approved to ? sponsor a table at the MBS banquet in March. ([www.marylandbowhunterssociety.org](http://www.marylandbowhunterssociety.org))
